RE: City of Huron – Water bills Certification for Collection

Dear Mr. Jeffrey,

Please allow this letter to serve as official certification from the City of Huron that the amounts for the water bills identified on Exhibit "A" attached, are the subject of service contracts with the City and the owner who occupies the property served and are delinquent having remained unpaid for more than sixty (60) days. Pursuant to Ohio Revised Code §743.04, we request that these amounts be placed immediately onto the real property tax list and duplicated against the property served as a lien on such property, along with interest and penalties allowed by law and to be collected as other taxes are collected.

Thank you for your cooperation in this matter. If you have any questions or require any additional documentation on this matter, please call me.

Sincerely,

Edward Widman
Finance Director
City of Huron
